Pioneer Euclides 001

LOGBOOK

(Onderstaand logboek kan gebruikt worden om te voldoen aan de eisen, gesteld in artikel 14 van het Warenwetbesluit Attractie- en Speeltoestellen)

Type indication	Pioneer Play
Product code	PNRE060.001
Name of equipment	Pionier Euclides 001
Maximum height of fall	2,7 m
Year of construction	2017
Certificate	05200116226
inspection authority	Liftinstituut B.V. Buikslotermeerplein 381, A'dam - 1025 XE Amsterdam
Name manufacturer	BOERplay Hyacintstraat 2 - 4255 HX Nieuwendijk Phone: +31 (0)183 40 23 66 Fax: +31 (0)183 40 35 64
name installer	
Description of equipment	Pioneer Euclides 001
Location of equipment	
Data about the owner of the play equipment	
Name:	
Address:	
Postcode and town:	
Contact person:	
Telephone number:	
Data about the administrator of the play equipment	
Name:	
Address:	
Postcode and town:	
Contact person:	
Telephone number:	

LOGBOOK

Inspection and maintenance intervals

Nr.	Inspection	Maintenance	months between inspections
1	Verify equipment's stability, junctions and missing parts. Inspect bolts, screws and nuts for absence, jams, corrosion and wear.	Add missing parts, secure joints, apply missing fixing agent and replace corroded parts.	1
2	Check suspension for wear.	Replace worn parts and/or remove non-functioning parts.	1
3	Inspect rotating parts such as hinges, rolling-element bearings, etc. for wear and acceptability.	Replace worn parts and/or remove non-functioning parts.	1
4	Check wood for splinters, unacceptable damage and signs of rot. Especially at ground level.	Repair damage. Replace affected wood. Smoothen splintered wood and sharp edges.	1
5	Inspect foundation for stability, tearing and coverage.	Restore foundation and covering material.	3
6	Examine rubber and synthetic parts for wear, damage and break.	Replace original parts.	3
7	Inspect metal for corrosion and damage in the coating.	Restore any damaged coating (after removing rust and applying primer).	6
8	Check ropes, cables, chains and nets for wear and damage. Steel cables and nets which are tensioned must be checked for tension.	Replace parts where necessary. Steel cables and nets must be tensioned.	3
9	Inspect equipment for unsafe changes and additions.	Remove unsafe additions and correct unsafe changes.	1
10	Inspect safety surfaces.	Restore and repair where necessary.	1

Remarks

1. If used intensively, all points require extra attention.
2. Extreme weather conditions and locations may require a higher inspection frequency. Discuss this with the supplier.
3. Vandalism-sensitive locations require stricter inspections, possibly daily.
4. Check the terrain regularly for items that do not belong there, are unsafe or may be used wrongly. Examples are poisonous plants, glass shards, etc. Frequency depends on strain.
5. Remember that bad maintenance leads to unsafe conditions and notably faster impoverishment of the playground area.
6. Replacement parts can be ordered at the manufacturer with the part numbers on the module drawing. Drawings can be found in the user guide.
7. The impact area shall be provided with impact attenuating surface according to the specified falling height.
8. This list is conform the CEN-standard "playground equipment and surfacing NEN-EN 1176-7".

TYPE-EXAMINATION CERTIFICATE

Acting under the "Warenwetbesluit Attractie- en Speeltoestellen" issued by Liftinstituut B.V.
commissioned by departmental order, no. VGP/P&L 2456476 from 17 march 2004.

Certificate nr. : NL 05-2001-162-26 Revision nr.: 200116226

Description of the product : Playground equipment, Pionier

Trademark, type : Speelwijzer, PNR.....

Name and address of the manufacturer : Speelwijzer / Dhr R. van Veen
Postbus 345
5300 AH Zaltbommel

Name and address of the certificate holder : Speelwijzer / Dhr R. van Veen
Postbus 345
5300 AH Zaltbommel

Certificate issued on the basis of the following requirements : Warenwetbesluit Attractie- en Speeltoestellen 3 september 1996

Test laboratory : None

Date and number of the laboratory report : None

Date of type-examination : - t/m -

Annexes with this certificate :

Additional remarks :

Conclusion : The playground equipment meets the requirements of the above specified European standard(s) and "Warenwetbesluit Attractie- en Speeltoestellen" taking into account any additional remarks mentioned above.

Issued in Amsterdam

Date of issue : Januari 28th, 2005

M. Dougué
Director
Liftinstituut B.V.
