Multi purpose sports arena 20,3 x 11,3 m

2+

all ages

23.4 x 13.3 x 4.1 m

n.a.

n.a.

Playfunctions

Street play, ball play

Material

Pillars and goals in galvanized steel tubes, powder coated in any color of your choice at extra cost. The Basketball board is made of Trespa Meteon. Grilles are manufactured from galvanized pressed gratings and attached to the poles using rubber mountings to reduce noise.

Anchorage

The pillars are equipped with base plates. The goals are equipped with ground anchors. In general, it is not necessary to use concrete.

Comments

If the circumstances so warrants, add concrete.
